**DISTINCTIVES:**

Rockbridge Academy is a classical Christian school, employing the centuries-proven methodology known as the *Trivium*, Grammar, Dialectic, and Rhetoric. At the high school level (spanning Dialectic and Rhetoric), Rockbridge Academy's history and English program focuses on an intensive study of the great writings, people, events, works, and ideas that have formed and reformed civilization as we know it. Special emphasis is given to the study of Western Culture. Classic works of our culture are studied within their historical settings and from a traditionally biblical perspective, which helps the students understand how these works and the people who wrote them were influenced by those historical settings. It also reveals the universal nature of the great works, which are classics precisely because they speak to all men through all ages. Emphasis is placed upon reading, writing, speaking, and critical thinking skills. ***All English, math, history, literature, and science courses are taught at the honors level.***

**GRADING:**

Letter Grade	Grade Point Average	Numerical Average
A	4.0	90-100
B	3.0	80-89
C	2.0	70-79
F	0.0	0-69

**GRADING POLICY DURING (COVID-19) SPRING TRIMESTER 2020:**

In order to “do no harm to students” when our school unexpectedly pivoted to fully remote instruction (March 13, 2020), Rockbridge Academy instituted a grading policy that allowed for passing spring trimester grades of B or C to be recorded as a passing grade of P. A passing P gave the student credit for passing the class while not impacting GPA either positively or negatively. If a student received a grade of A, that grade was recorded, and it was computed into the GPA.

**GPA COMPUTATION:**

The GPA is determined in the following manner: all math and science classes are awarded a quality point of 3, all humanities are awarded a quality point of 2, and general electives are awarded a quality point of 1. The student's average in any given subject garners its grade point average equivalent (see above). These two factors are then multiplied. For example: If a student receives an A+ average (GPA of 4.0) in a calculus class (quality point of 3), those two factors are multiplied for a total of 12. These totals are then added, along with the total number of quality points. The total is then divided by the total number of quality points for the final GPA. GPA is computed on all subjects in grades 9+, while also including 8<sup>th</sup> grade Algebra I and Latin II.

**CUMULATIVE HONORS:**

Summa Cum Laude = 3.7+  
Magna Cum Laude = 3.5 - 3.69  
Cum Laude = 3.25 - 3.49

**CLASS RANKING POLICY:**

Because of the size of our student body (the class of 2022 totals 24 students), Rockbridge Academy does not rank its students.

**NATIONAL MERIT PROGRAM:**

**Classes of 2004-2021**  
In addition to 4 National Merit Scholars, 8 National Merit finalists, 1 National Merit semi-finalist, 2 National Achievement finalists, and 2 National Achievement semi-finalists, 57 of our 348 graduates received letters of commendation.
