

Welcome! Equipping teachers to engage both the hearts and the minds of their students is our passion. As always, we continue to refine our plenary and workshop offerings to both inspire your vision and to broaden your practical skills in the classroom. Maintaining a Christ-centered and academically effective classroom takes cultivation, vigilance, and the humility to realize that we all stand on the shoulders of great teachers who have gone before us.

In this conference, our most experienced administrators and faculty will share their wisdom, vision, and passion for making your next school year the best ever. We look forward to seeing you this July at the conference.

“
Our school couldn't afford to travel to the national conference, so we sent our teachers to the Rockbridge training. Our teachers stated that this was "hands down" the training to attend for practical impact, especially for new teachers. We are sending all of our new teachers to this training!

I am inspired to improve all of my teaching by reveling in the wonder of God's revealed creation and challenging my students to find Christ in all things.

The humble sharing of practical knowledge/experience/best practices as well as the encouragement to carry on in the strength of the Lord are as valuable as I go into my 5th year as it was going into my 3rd year of teaching.

I can hardly wait to implement what I learned (and was reminded of) this week. I'm already looking forward to attending again next year—Lord willing! Thank you so much for your time and effort and your generosity in giving this outstanding training!

”
PAST CONFERENCE ATTENDEES

“
The highest reward for a person's toil is not what they get for it, but what they become by it.
”

John Ruskin

The most important fact about the subject of education is that there is no such thing. Education is not a subject, and it does not deal in subjects. It is instead the transfer of a way of life.

G. K. Chesterton
